Reply To Examiner's Remarks

Claims 6-11, 13-14, 32-37 and 39-40, as amended, are presented for consideration.

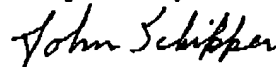

The Examiner has indicated that claims 12-13 and 38-39 would be allowable if rewritten in independent claim form to include the limitations of the base claim (here, 6 and 32) and of all intervening claims.

Independent claim 6 is amended herein to include the limitations recited in claim 12. Claims 7-11 and 13-14, as amended, depend upon amended claim 6 and are believed to be allowable if amended claim 6 is allowable.

Independent claim 32 is amended herein to include the limitations recited in claim 38. Claims 33-37 and 39-40, as amended, depend upon amended claim 32 and are believed to be allowable if amended claim 32 is allowable.

The Applicant requests that the Examiner pass the application, including claims 6-11, 13-14, 32-37 and 39-40, as amended, to issue as a U.S. patent application.

Respectfully Submitted,

John Schipper

Patent representative for Applicant
